

On 24th December, Team Vatsalya, the CSR club of IIM Visakhapatnam consisting of Sangeeth Raj, Ayushi Chauhan & Krishna Kaisarla had the privilege of donating essential items to a group of underprivileged working women in and around Visakhapatnam. The donation included lunch boxes, water bottles, umbrellas, and hygiene products.

These items were distributed to women who are struggling to make ends meet and provide for their families, despite working long hours and often in difficult conditions. Many of these women work in the informal sector and do not have access to the same benefits and protections as those in formal employment.

We were moved by the stories of these women and their determination to provide for their families despite the challenges they face. It was a heart-warming experience to be able to offer some support and make a small difference in their lives.

The donation was made possible through the generosity and support provided by the institute, who contributed both funds and essential items. We are grateful to everyone who made this donation possible and to the working women who received it.

Team Vatsalya is committed to supporting underprivileged and marginalized groups in our community, and we hope to continue to make a positive impact through initiatives like this one. We encourage others to get involved and join us in our efforts to create a more equitable and just society for all.
