

## GUEST LECTURE

### CYBER-SECURITY WEEK

ANK – The IT and Analytics Club of IIM Visakhapatnam conducted a guest lecture as part of Cyber Security Week on 12<sup>th</sup> Oct 2023 from 6:00 pm

**ABOUT THE SPEAKER:** Nanda Chougule is the founder of Digisec 360, a cyber security firm. Bringing in her professional expertise of 20+ years in the Tech domain, Nanda founded the firm following the drive to work for intent security and safety. Her key responsibilities include nurturing the venture, building client relationships, planning and strategy

The event commenced with an introduction by the organizer, outlining the significance of cyber security in today's society. She stressed the growing threat of cyberattacks and data breaches and the importance of educating individuals and organizations on how to protect themselves.

The guest speaker began the lecture with an engaging presentation. Some of the key points covered during the lecture included:

- Recent dimension of technology in cyber security
- cyber threat landscape
- phishing
- protecting personal and
- business data

The lecture concluded with a question-and-answer session, allowing the audience to seek clarifications and additional information from the guest speaker.

The lecture spanned approximately an hour and was attended by an estimated 70 individuals.

Overall, the guest lecture on cyber security awareness was a highly informative and successful event. It achieved the goal of raising awareness about the importance of cybersecurity and equipping the audience with knowledge to protect themselves and their organizations where they will be working in future from cyber threats.
