RTI application IIMVP/R/T/24/00075 dated 28-06-2024
Q1. I, Dr. Kxxxxxxxxxxs Jxxx, am very much curious about the recruitment process of all the eminent institutes, i.e., IITs, NITs, CUs, or IIMs, under the Department of Higher Education. Although some of the central universities and CSIR labs update the list of the candidates who applied against a specific advertisement, the list of shortlisted candidates for interviews, the list of candidates shortlisted for interview based on caste category, and the list of non-shortlisted candidates with the reason for non-selection. However, none of the prestigious institutions, like IITs and IISc, have recently updated recruitment details, making the recruitment procedure less transparent. On the other hand, many candidates are chosen from lobbied faculty members and recent scams in recruitment, e.g., NEET or NET, have made this more believable. Transparency in the recruitment in each cycle of rolling, special drive, and mission mode recruitment can limit such kinds of biased selections. A list of external scientific members and panel members should be provided to avoid conflict in the recruitment process. Please see the attached document for more details. It seems to all of us that the unwillingness to disclose all the details regarding recruitment suggests manipulated recruitment. **Info:** The applicant has made certain claims and allegations with regards to the recruitment process followed by eminent institutions like IITs, NITs, CUs, or IIMs, under the Department of Higher Education. He has also suggested certain measures that should be taken by the aforesaid institutions. The applicant has not sought any information vide the RTI Application as defined u/s 2 of the RTI Act, 2005, hence nothing can be provided.

Work Experience	10	0.000
Total	100	53.109

Q3. How IIM V calculates the 10th and 12th score in each round, give your answer with the help of an example

Info: The process of normalisation roughly is as follows.

    i.   We merge last two years of CAT data (For example CAT 2021 and 2022).

    ii.   We calculate the mean and standard deviation for all students in each board. For example, the data for CBSE is as follows:

Central Board of Secondary Education	Mean	Standard Deviation (sd)
SSC Aggregate Marks	82.652	11.134
HSC/Diploma Complete Aggregate Marks	78.332	11.591

    iii.   The score is then normalized using the formula below:

Normalized Score = Max [0, min {wt, wt/2 + ((val-mean)/sd) * wt/6}]

For example, a candidates, SSC and HSC percentages are 95% and 88% respectively and studied in Central Board of Secondary Education (CBSE). The weight for SSC and HSC is 10. Then the normalized score would be:

Central Board of Secondary Education	Mean	Standard Deviation (sd)	Your Score (val)	Normalised Score
SSC Aggregate Marks	82.652	11.134	95.000	6.848
HSC/Diploma Complete Aggregate Marks	78.332	11.591	88.000	6.390

Q1. I kindly request information under the Right to Information Act, 2005, regarding the guidelines or norms for feeding and petting dogs within educational institutions such as IIT, IIM, or NITs, particularly inside or near the following areas:

1) Classrooms   2) Office areas

3) Laboratories and areas with heavy machinery or hazardous equipment

4) Residential areas such as student hostels, where large numbers of students reside, including some suffering from cynophobia or mental health conditions like depression

5) Indoor and outdoor playgrounds used for sports such as hockey and cricket, which may pose a risk to both students and animals

6) School premises   7) Faculty quarters

While referring to Section 20 of the Animal Birth Control Rules, 2023, and the Animal Welfare Board of India guidelines for caregivers of street dogs, I find that the norms for dog feeding and petting in higher educational institutions, particularly in critical areas like hostels, classrooms, laboratories, and sports grounds, are unclear.

In light of this, I respectfully seek the official guidelines or norms concerning dog feeding and petting in such environments, where the presence of dogs may pose risks to both humans and animals.

Info: As per Student Hostel Manual, issued to students:

The IIMV has a green campus that supports a variety of plants and birdlife. The bio-diversity on campus is worth preserving and so the residents are encouraged to ensure that they nurture the environment and take care that their activities do not result in any harm or disturbance to the plant, animal and bird population of the campus. While some of you may have strong affection for animals that co-exist in our eco-system, some others might not be comfortable with animals in the spaces designated for living, studying, dining and sleeping. Feeding and entertaining animals in dining halls, canteen and hostel rooms are to be strictly avoided.

Pets are strictly prohibited in the hostel rooms; non-compliance will not be tolerated and will result in disciplinary action with a monetary fine of Rs.10,000 per instance or more as decided by the Administration from time to time

Q2. Please specify the criteria for adjusting graduation marks across Engineering, Science, Commerce, Arts, and other disciplines.

Info: At IIM Visakhapatnam, to normalize the graduation scores based on the categories, here's a step-by-step process:

Steps to Normalize Graduation Scores:

i. Classify Students Based on Discipline:
Students will be grouped into seven categories based on their bachelor degree disciplines:

Discipline	IIMV Graduation Category
Engineering/Technology	1
Arts	2
Science	3
Commerce	4
Management	5
Agriculture	6
Others	7

ii. The candidates' percentage scores in the graduation are initially adjusted by dividing each such score by the 90th percentile score obtained in that category. The database of graduation scores of all CAT applicants of the past two years is used for identifying the 90th percentile score for each graduation category.

iii. Then we will obtain the adjusted graduation score by dividing the actual graduation percentage with the 90th percentile in that particular category.

iv. Calculate Mean and Standard Deviation for Each Category:
For each category, the mean and standard deviation of the adjusted graduation scores will be calculated.

v. Normalize Graduation Scores:
For each student in the categories, calculate the normalized score using the formula:
Normalized Score= Max [0, min {wt, wt/2 + ((val-mean)/sd) * wt/6}]
- wt: Weight
- val: The student's graduation score
- mean: The mean of the respective category
- sd: The standard deviation of the respective category

Q3. Please specify the criteria for assigning weight of professional courses- CA/ICWA/CS.
Info:

1. The candidates' percentage scores in the Professional Degree are initially adjusted by dividing each score by the 90th percentile score, determined using the professional degree scores of all CAT applicants from the past two years.
2. For candidates who do not have a graduation degree but possess a professional degree, the adjusted professional degree score will be considered equivalent to the graduation percentage, with its respective weightage applied in Phase-2 and Phase-3 of the selection process.
3. If a candidate holds both a bachelor's degree and a professional degree, the professional degree score may be considered under the work experience weightage in Phase-2 and Phase-3 of the admissions process.
4. For candidates possessing a bachelor's degree, a professional degree, and work experience, the final work experience score will be the higher of the weighted scores between the work experience and the professional degree.

Q4. Please provide the mean, and standard deviation of the Class 10th Scores of the applicants for the PGP batch of 2024-2026 and 2023-2025.

Q4. For stage 2 shortlist when candidate score is divided by 90th percentile score in their board what happens if the candidates score is more than 90th percentile do they get full marks or more than max marks.
Info: If a candidate's score exceeds the 90th percentile score in their respective board, the normalized score will be truncated between Zero and the weight given to the

component. Under no circumstances a candidate will get more than the maximum marks.

Example: If a candidate's Class 10 score is 89 and the 90th percentile score for his/her board is 85. Here is how the normalized score is calculated (Pre-PI, with wt = 10):

Step 1: Adjusted Score = 89 / 85 ≈ 1.047

Step 2: Assume Mean = 1.00 ; Standard Deviation (SD) = 0.05

Step 3: Normalized Score = max[0, min(10, 5 + ((1.047 - 1.00) / 0.05) * (10 / 6))]

$$= max[0, min(10, 5 + 0.94 * 1.67)]$$
$$= max[0, min(10, 6.57)]$$

The final score would be 6.57 out of 10.

Q1. Dear Ministry of Education I am Himani Upadhyay I have appeared for CAT Exam in this November 2024 On the basis of which I received mail from IIM Kashipur for MBA Analytics that I am eligible to make application for MBA at IIM Kashipur for MBA Analytics I have completed Bachelor of Commerce from School of Open Learning University of Delhi Further the degree from University of Delhi are all recognized by UGC University Grants Commission

So my question to Government of India is that whether a candidate who have completed Bachelor and Master from SOL IGNOU is eligible to take admission in IIMs IIT Government Job other Administrative services or not And if not then provide a supporting reason for the same However all these educational institute are run by Government of India and now they are trying to create conflict in accepting each other degree by saying that its distance education which is not correct

And if IIM stays that distance education from SOL or IGNOU is not appropriate to apply at our place then why are government of India running and operating SOL IGNOU Because if a student completes Bachelors from SOL and then apply to IIM then IIM says that we want Bachelors from full time However both the degree whether a full time or distance education both have got the same value as both are recognized by UGC University Grants Commission And if IIM stays that candidate who completed Bachelor from distance education like SOL or IGNOU are not eligible to apply at our place then why are government of India running and operating SOL IGNOU However all institute are run by Government itself All IIM IIT SOL IGNOU are all government recognized universities And they are themselves trying to create conflict by saying that we dont accept distance education which I think is not correct Please justify all this because all are run by Government of India institute And now all these institute are themselves trying to creative conflict and by not accepting each other degree I want an early response from Ministry of Education for my Query

Q1. 1.Since CAT is a common entrance test for IIMs and IITs, why has a common admission process (including a centralized interview mechanism) not been implemented across ALL institutes? If such a proposal was previously considered, please provide relevant meeting minutes, discussions, or reasons for rejection.
Info: IIM Visakhapatnam conducts its admission process independently in accordance with its own academic and administrative policies. Requested information is not part of record of this office. Information may be sought from respective public authority.
Q2. What steps, if any, have been taken by the Ministry or relevant authorities to ensure that interview dates of different IIMs and IITs do not clash?
Info: As above
Q3. Do IIMs/IITs have a policy to provide an alternative interview date if a candidate is unable to attend due to a scheduling conflict? If not, what are the reasons for not having such a provision?

Info: Such policy is not available as on date.
Q6. If an applicant submits a formal request citing a scheduling conflict between two IIM/IIT interviews, is there an official process to reschedule? If yes, provide details. If no,   provide   reasons.
Info: At IIM Visakhapatnam, applicants facing scheduling conflicts may submit a formal request for rescheduling. Such requests are reviewed individually and accommodated to the extent possible based on operational feasibility.
Q7. Have IIMs and IITs received any formal complaints from candidates in the past five years   regarding:
a) Interview date clashes between different IIMs/IITs, leading to lost opportunities.
b) Financial burden due to the need to travel to multiple cities for interviews.
c) Requests for a centralized interview process to reduce logistical and financial strain on   candidates.

Info: (a) IIM Visakhapatnam has received occasional individual requests or grievances regarding scheduling conflicts. Q10. How many interview venues are available for IIM and IIT MBA/PG management admissions across India? Please provide a list of locations used in the last five years.

Q11. Has the Ministry of Education or any IIM/IIT conducted an assessment of the financial burden (travel, accommodation, etc.) on students attending multiple interviews in different cities? If yes, provide copies of such reports. If no, why has this issue   not   been   studied?

Info: Not applicable (Refer Q.no. 7 above).

Q12. Is there any policy to reimburse or financially support candidates from economically weaker sections (EWS) or reserved categories (SC/ST/NC OBC) for travel expenses incurred in attending multiple interviews? If not, provide the reasons.

First Appeals and Orders issued by the First Appellate Authority

First Appeal No. IIMVP/A/E/24/00001 dated 07-04-2024
RTI application No.: IIMVP/R/E/24/00011 dated 01-03-2024

Issue: I find that in the First Appeal dated 07-04-2024 filed by the applicant, the ground for appeal as "No Response within the time limit".

Discussion:

I find that the appellant had raised nine queries and a point wise reply has been provided by the CPIO to the RTI application dated 01-03-2024, vide letter dated 02-04-2024, uploaded on the RTIMIS portal on 08-04-2024, free of cost.

Further the appellant mentioned that, *"The CPIO not provide the reply within 30 days with mollified intension to hide the post of Sr Administrative Officer Post and Chief Administrative Officer post, one Chief Administrative Officer post is occupied with his close associate of Senior Administrative Officer as Incharge as unofficially, which will not be disclosed and not notified for recruitment to satisfy his fried wish , and one Senior Administrative Officer post is occupied with Administrative Officer as incharge, in the same way as explained above, hence you are requested to review my application and provide the suitable reply and take administrative action on CPIO without fail."*

In the spirit of Act, the additional information as accessible, is clarified:

The list of staff members in various positions in the Institute is already available on the website, at https://www.iimv.ac.in/staff, and the information related to recruitment of Senior Administrative Officer position is provided in the information for Query No. 9. The information related to appointment of Chief Administrative Officer position is provided in the information for query No. 8. All the positions are filled either by Direct Recruitment through open advertisement or by promotion as per the applicable rules, which are as per various Oms issued by DoPT in this regard. It is clear that at the appellate level, neither any further information has been sought not any denial of information has been alleged.

Order:

In light of above, the reply furnished by the CPIO is held as valid as per the provisions of the RTI Act, 2005 and the appeal is disposed of.

First Appeal No. IIMVP/A/E/24/00002 dated 28-09-2024
RTI application No.: IIMVP/R/E/24/00053 dated 28-08-2024

Issue:

I find that in the First Appeal dated 28-09-2024 filed by the applicant, the ground for appeal as "Provided incomplete, Misleading or False information".

Discussion:

I find that the appellant had raised three queries and a point wise reply has been provided by the CPIO to the RTI application dated 28-08-2024, vide letter dated 25-09-2024, free of cost, as under:

Q1. Does the Indian Institute of Management Visakhapatnam have a promotion policy for contract employees? If such a policy exists, kindly provide a copy.

Info: No separate policy is available for promotion of contract employees.

Q2. Does the Indian Institute of Management Visakhapatnam have an appraisal policy for salary increments for contract employees? If such a policy exists, kindly provide a copy.

Info: Continuation of service and/or revision of consolidated pay of a contract employee will be based on the performance and remarks made by the reporting authorities.

Q3. How many contract employees have been promoted during their contract period since the inception of the Indian Institute of Management Visakhapatnam? Kindly provide the post wise details.

Info: NIL

I find that against clear and specific information provided by the CPIO, the RTI applicant has filed an appeal on the grounds of "Provided incomplete, Misleading or False information". It is seen that the RTI applicant has made allegations without any evidence to back the same and has tried to engage the CPIO into a conversation which is beyond the scope of the RTI Act. He has also sought clarifications in respect of information provided to him which is not permissible under the RTI Act. However, in the spirit of the Act, following clarification is provided:

Question 1: The CPIO mentioned that there is no separate promotion policy available for contract employees. However, this implies that there may be an inclusive policy covering contract employees, even if indirectly. This vital information seems to have been willfully withheld, which points to a possible intent to mislead and deny accurate details. Kindly provide the complete policy document that includes or partially covers the promotion guidelines applicable to contract employees.

Clarification Provided: The terms and conditions of the staff engaged on contract are as per the recruitment notification and the terms mentioned in the offer of appointment. The contractual employment is for a fixed time period and there is no promotion policy for contract staff as on date.

Question 2: In my 2019-20 performance appraisal (attached), Prof. B Srirangacharyulu (Dean A &R), as the Reviewing Authority, mentioned, "He may be given increment as per rule." I seek clarification on which specific rule he was referring to. It appears that the CPIO has furnished incomplete and misleading information regarding this, as the applicable rule should have been clearly outlined in response to my query. I request a detailed clarification regarding this matter.

Clarification Provided: As per practice, the increment of up to 10% on consolidated pay is allowed based on the recommendations of the reporting/reviewing authority, and the same has been recommended by the reviewing authority in this case also.

Question 3: The CPIO responded with "Nil" to my query on promotions of contract employees. However, based on internal communications and circulated policies, I am aware of cases where contract employees were promoted during their contract period. For instance, an Administrative Assistant was promoted to Project Executive during contract period, a Project Manager (Infrastructure) was promoted to Head (Project)

during contract period, and a contractual employee who joined as a Trainee was promoted to Executive. This contradicts the information provided by the CPIO. Given these discrepancies, I believe the CPIO has deliberately withheld accurate information, violating the spirit of the RTI Act. In light of these issues, I request that the correct and complete information be provided to me as per the provisions of the RTI Act.

Clarification provided: It is reiterated that no contract employee was promoted. Earlier, the nomenclature of the posts was based on that in use by the mentor Institute, IIM Bangalore, like Executive, Project Executive, Senior Executive etc. The one position appointed as Assistant was also later redesignated as Executive. These designations later were changed to Assistant (Administration & Programs) and Assistant (Academics & Research) etc to bring uniformity in designations of staff engaged on contractual basis, based on the area they are working and this cannot be construed as Promotion.

Order

In light of above, the reply furnished by the CPIO is held as valid as per the provisions of the RTI Act, 2005 and the appeal is disposed of.

First Appeal No. IIMVP/A/E/24/00003 dated 18-10-2024
RTI application No.: IIMVP/R/E/24/00057 dated 27-09-2024

Issue:

I find that in the First Appeal dated 18-10-2024 filed by the applicant, the ground for appeal as "Details not provided".

Discussion:

I find that the appellant had made some allegations and attached some email contents which are not at all relevant to this organization. Since, the appellant has not sought any information pertaining to the public authority, the CIPO vide letter dated 14-10-2024 has replied same mentioning:

> *Vide the RTI application, the applicant has made certain allegations, which are not related to this office. The applicant has not sought any information as per the provisions of the RTI Act. Hence, CPIO is unable to provide any information.*

I find that against clear and specific reply provided by the CPIO, the RTI applicant has filed an appeal on the grounds of "Details not provided". It is seen that the RTI applicant has made allegations against some other government organizations and has tried to engage the CPIO into a conversation which is beyond the scope of the RTI Act.

As per the provisions of the Act, the public authority is not supposed to create information; or to interpret information; or solve the problems raised by the applicant; or to furnish replies to hypothetical questions. Only such information existing in the record of the public authority only can be provided.

Order:

In light of above, the reply furnished by the CPIO is held as valid as per the provisions of the RTI Act, 2005 and the appeal is disposed of

First Appeal No. IIMVP/A/E/24/00004 dated 01-11-2024
RTI application No.: IIMVP/R/E/24/00058 dated 29-09-2024

Issue:

I find that in the First Appeal dated 01-11-2024 filed by the applicant, the ground for appeal as "Refused access to Information requested", with a prayer of relief "The CPIO IIMA has refused to provide information sought under incorrect grounds. Therefore, an appeal is sought."

Discussion:

I find that the appellant had made a request for the copy of the Proposal submitted to HEFA for funding with an estimated project cost of Rs. 445 crore.

The CIPO vide letter dated 30-10-2024 has replied "The applicant has sought for the proposal which includes information involving commercial confidence and trade secrets the disclosure of which would harm the competitive position of the institute. The information is also held in fiduciary capacity by the institute. Hence not be disclosed in the best interest of the institute, u/s 8(1)(d) and 8(1)(e) of the RTI Act,2005."

I find that against reply provided by the CPIO, the RTI applicant has filed an appeal on the grounds of "Refused access to Information requested". However, in the spirit of Act, the following clarification is provided:

The HEFA (Higher Education Financing Agency) is a joint venture company of Canara Bank and Ministry of Education, GoI. HEFA provides financial assistance for creation of educational infrastructure and R&D in India's premier educational Institutions. The IIM Visakhapatnam had submitted a proposal for the construction project of permanent campus

The proposal contains the approvals along with Annexures, design and plans which are voluminous and include information involving commercial confidence and trade secrets the disclosure of which would adversely affect the competitive position of the institute. Further, as the approval has been granted by HEFA, the information is also held in fiduciary capacity by the institute. Hence, the information sought cannot be disclosed u/s 8(1)(d) and 8(1)(e) of the RTI Act, 2005

Order:

In light of above, the reply furnished by the CPIO is held as valid as per the provisions of the RTI Act, 2005 and the appeal is disposed of.

First Appeal No. IIMVP/A/E/24/00005 dated 07-11-2024
RTI application No.: IIMVP/R/T/24/00116 dated 04-10-2024

Issue:

I find that in the First Appeal dated 07-11-2024 filed by the applicant, the ground for appeal as "No Response Within the Time Limit", with text of appeal "Dear Sir/Madan, I have sought information to provide the previous question papers of non teaching recruitments of past 4 years as specified in the RTI filed on 4th October. I Haven't received any update regarding the same."

Discussion:

Vide letter cited under Ref 2 above the CPIO has furnished reply dated 3-12-2024, to the RTI application dated 04-10-2024. Due to technical reasons (change of password by the RTI PMU), the Nodal officer user account was inaccessible which leads to delay in forwarding the RTI applications to the CPIO. After receiving the application from Nodal officer on 28-11-2024, CPIO arranged the reply on 3-12-2024. The delay in replying to the RTI application is not deliberate, but due to the technical reasons mentioned above.

Order

CPIO is ordered to furnish the reply as per the provisions of the RTI Act.
However, in the spirit of Act, the reply furnished by the CPIO is attached for reference, and the appeal is disposed of.

First Appeal No. IIMVP/A/E/24/00006 dated 31-12-2024
RTI application No.: IIMVP/R/E/24/00070 dated 29-11-2024

Issue:
I find that in the First Appeal dated 31-12-2024 filed by the applicant, the ground for appeal as "No Response Within the Time Limit", with text of appeal "Dear Sir/Madan, I have applied an RTI to IIM Visakhapatnam (Vizag) for a Recruitment Status and Number of Applications received for the specific post. However, I haven't received the information yet. Could you please consider my request and let me know the information required from my end."

Discussion:
Vide letter cited under Ref 2 above the CPIO has furnished reply dated 30-12-2024, to the RTI application dated 29-11-2024. Inadvertently, the uploading of the reply in the portal is not completed in the time limit, but was uploaded on 2-1-2025.

Order
CPIO is ordered to furnish the reply as per the provisions of the RTI Act.
However, in the spirit of Act, the reply furnished by the CPIO is attached for reference, and the appeal is disposed of

First Appeal No. IIMVP/A/E/25/00001 dated 20-02-2025
RTI application IIMVP/R/T/25/00010 dated 24-01-2025

Issue in appeal:
I find that in the First Appeal dated 20-02-2025 filed by the applicant, the ground for appeal as "Any other ground".

Discussion
Vide letter cited under Ref 2 above the CPIO has furnished reply dated 20-02-2025, to the RTI application dated 24-01-2025 as "For Q1 and Q2 – Requested information is not part of record of this office. For information about the Institute please visit website https://www.iimv.ac.in/". I find that the applicant has not sought any information as held by the public authority but is rather seeking information on the 'Animal Welfare Fortnight begins by tomorrow: Preform our fundamental duties, taking pledge to perform....' The students residing in the hostel are advised ".

Order
The reply furnished by the CPIO is in accordance with the provisions of the RTI Act 2005.
However, in the light of the query understood from the text, the students hostel manual says "The IIMV has a green campus that supports a variety of plants and birdlife. The bio-diversity on campus is worth preserving and so the residents are encouraged to ensure that they nurture the environment and take care that their activities do not result in any harm or disturbance to the plant, animal and bird population of the campus."

First Appeal No. IIMVP/A/E/25/00002 dated 24-03-2025.
RTI application IIMVP/R/E/25/00011 dated 01-03-2025.

Issue in appeal:

I find that in the First Appeal dated 24-03-2025 filed by the applicant, the ground for appeal as "Details not provided". Further, the appellant mentioned that there is no response to RTI application within 30 days as per the provisions of the RTI Act.

Discussion

Vide letter cited under Ref 2 above the CPIO has furnished reply dated 19-03-2025, to the RTI application dated 01-03-2025. The appellant has filed the First Appeal with the ground for appeal 'details not provided' and further alleged that there is no reply within 30 days as per the provisions of the RTI Act.

The 'Action Report of the RTI request No. IIMVP/R/E/25/00011' downloaded from the RTI Portal shows, the RTI request was received on 01-03-2025, forwarded to the CPIO on 19-03-2025 and the request was disposed of on 24-03-2025. This clearly indicates that the RTI application was replied within 30 days of its receipt by the Institute. Therefore, the allegation that no reply being provided by the CPIO has no credence.

Since, the Institute follows the guidelines as contained in relevant OMs issued by the DoPT with regard to the APARs, Probation etc., the same information is furnished by the CPIO. These OMs are available on the DoPT website.

Order

The reply furnished by the CPIO is in accordance with the provisions of the RTI Act 2005. However, in the spirit of Act, the above clarification is provided and reply furnished by the CPIO is attached.

First Appeal No. IIMVP/A/E/25/00002 dated 24-04-2025
RTI application IIMVP/R/E/25/00017 dated 31-03-2025

Issue in appeal:

I find that in the First Appeal dated 24-03-2025 filed by the applicant, the ground for appeal as "Details not provided". Further, the appellant mentioned that there is no response to RTI application within 30 days as per the provisions of the RTI Act.

Discussion

An appeal has been filed only regarding point number 5. It is apparent that the appellant is satisfied with the reply to all the other queries. Hence, now, I take up the specific issue raised in the appeal.

The appellant had sought the copy of certain question papers which was denied by the CPIO under section 8(1)(d) of the RTI Act, 2005. The appellant has cited an alleged different response by another public authority and has sought justification why the information has been denied. Without going into the correctness of the facts submitted by the appellant, I would restrict myself to whether the information sought by the appellant in point number 5 should be provided under the RTI Act, 2005.

In the case of Manish Kumar Singh v. BHU in CIC/PB/A/2008 dated 14.01.2009, I find that the CIC has upheld the denial of the question papers. I find that such disclosure may affect the integrity of the examination and as such, would adversely affect the interest of the Institute. I, accordingly, hold that the copy of the question paper is laible to be denied under section 8(1)(d) of the RTI Act, 2005.
