PGDMEx Course Overview

The Post-Graduate Diploma in Management for Executives (PGDMEx) at IIM Visakhapatnam is a one-year program designed for working professionals with at least three years of experience. It bridges the gap between short-term certificate courses and MBA programs, offering compact yet comprehensive management education. The program emphasizes strategic thinking, cross-functional knowledge, leadership, and problem-solving skills to prepare participants for leadership roles in dynamic business environments.

Aligned with the National Education Policy (NEP), 2020, PGDMEx develops core competencies in business fundamentals, communication, leadership, ethics, and sustainability. The curriculum includes 21 courses across 11 academic areas. The program structure is built around 48 credits, with 42 credits from

coursework and 6 from a capstone project, in line with the National Credit Framework.

The program follows a blended learning approach, integrating classroom teaching with online components to ensure flexibility for working professionals. It is also aligned with international accreditation standards, maintaining global academic quality.

PGDMEx includes an option for graduates to progress to the second year of the Executive MBA, based on participant interest. This creates a flexible learning pathway for those who may initially prefer a shorter commitment. Overall, the program is positioned as a high-impact offering that meets the evolving needs of today's professionals.

From the Director's Desk

Over the past few years, IIM Visakhapatnam has rapidly emerged as a leading institution in management education, innovation, and research. Backed by the strong legacy of the IIM brand and a commitment to academic excellence, we are shaping a new generation of ethical, agile, and future-ready leaders who can thrive in dynamic global markets.

The launch of the Post Graduate Diploma in Management Program for Executives (PGDMEx) is a significant step forward in our mission to make high-quality, executive-focused education more accessible and impactful. Designed for ambitious professionals, the PGDMEx bridges the gap between short-term certifications and EMBA - delivering deep, practical learning in areas such as AI, Business Analytics, Marketing, Finance, Strategy, and more.

With a blended learning model, industry-expert mentorship, and a curriculum rooted in contemporary business challenges, the PGDMEx equips professionals with the tools to lead innovation, drive transformation, and create sustainable impact in their organizations and industries.

As the world of business evolves at an unprecedented pace, we at IIM Visakhapatnam remain committed to empowering working professionals through programs that blend rigor, relevance, and real-world applicability. We invite you to be a part of this journey and discover the transformative power of the PGDMEx experience.
